

ANAGHA CHERUMADATHIL

SOFTWARE ENGINEER – ANGULAR & FRONTEND SPECIALIST

+91 9188 721 473 | bugslayer.anagha@gmail.com | Vennala, Kochi | linkedin.com/in/anagha-cherumadathil

PROFESSIONAL SUMMARY

Passionate and detail-oriented Software Engineer with 3+ years of hands-on experience in Angular, TypeScript, HTML5, and SCSS. Proven expertise in Monolithic and Micro Frontend (MFE) architectures, D3.js data visualisation, and REST API integration. Transitioned into IT after six years teaching Computer Science and Mathematics, bringing strong analytical thinking, clear communication, and a natural instinct for mentoring. Driven by continuous learning and committed to delivering scalable, user-centric digital solutions.

TECHNICAL SKILLS

Frontend Technologies: Angular (v17–18), TypeScript, HTML5, CSS3, SCSS, Bootstrap, Angular Material, RxJS, Reactive Forms, D3.js

Architecture: Micro Frontend (MFE), Monolithic Architecture, Lazy Loading, AOT Compilation, Component-Driven Development

Backend / Full-Stack: React.js, Node.js, Express.js, MongoDB (MEARN Stack – Certified Course)

Tools & Platforms: Visual Studio Code, Cursor IDE, GitHub, GitLab, npm, Angular CLI, GitLab CI/CD

Other Skills: Responsive Web Design, UI/UX Principles, Agile/Scrum, Cross-Browser Compatibility, Performance Tuning, Debugging & Testing, REST API Integration, JWT Authentication, WCAG Accessibility

PROFESSIONAL EXPERIENCE

Software Engineer

Beinex Consulting Pvt. Ltd., Kochi, India | April 2024 – Present

- Designed and implemented high-performance, responsive web applications using Angular (v17–18) with TypeScript and SCSS in both Monolithic and Micro Frontend architectures.
- Built interactive data visualisation dashboards using D3.js for real-time analytics and government reporting modules.
- Integrated RESTful APIs with RxJS-driven reactive data streams, Angular Interceptors, and JWT authentication.
- Collaborated with cross-functional teams using Agile/Scrum; conducted code reviews and mentored junior developers.
- Optimised application performance through lazy loading, OnPush change detection, and bundle size reduction strategies.

Associate Software Engineer

Beinex Consulting Pvt. Ltd., Kochi, India | April 2023 – April 2024

- Developed dynamic, reusable Angular components adhering to WCAG accessibility standards and responsive design best practices.
- Built multi-level form-based workflows with Angular Reactive Forms, Pipes, Directives, and Lifecycle Hooks.
- Contributed to full application development lifecycle from planning to production deployment via GitLab CI/CD pipelines.

Frontend Developer Intern | Star Performer

Beinex Consulting Pvt. Ltd., Kochi, India | January 2023 – April 2023

- Assisted in building UI screens and reusable Angular components under senior developer guidance; recognised as Star Performer.
- Practised component-based architecture, API integration, version control (Git), and responsive layouts with Figma-to-code workflows.

PROJECTS

Aurex – Augmented Risk and Audit Analytics

Beinex Consulting Pvt. Ltd., Kochi, India | Role: Software Engineer | Tech: Angular, TypeScript, REST APIs

- Built a cloud-based risk and audit management platform integrating risk management, audit analytics, and continuous audit modules into a unified Angular dashboard.
- Contributed to Micro Frontend architecture enabling independent team releases; developed user-friendly data visualisation modules.

DMI – Department of Government Enablement, Abu Dhabi

Beinex Consulting Pvt. Ltd., Kochi, India | Role: Software Engineer | Tech: Angular, TypeScript, D3.js, REST APIs

- Developed a customised Angular enterprise web application for Abu Dhabi's Department of Government Enablement, serving multiple government entities.
- Created interactive dashboards, multi-level assessment systems, and D3.js data visualisations; automated digitised approval workflows.
- Optimised performance for large datasets, significantly reducing processing time and improving load performance.

TEACHING EXPERIENCE

Mathematics Faculty

Atlas Educational Institute L.L.C, UAE | May 2021 – June 2022 | Career Campus Management Consultants LLC, UAE | May 2016 – October 2018

- Taught IGCSE & A-Level Mathematics (Pure Mathematics, Statistics, and Mechanics).
- Served as Academic Coordinator for curriculum planning and development.

Assistant Professor – Computer Science

MGM College (Oct 2020 – Feb 2021) | College of Engineering Vadakara (Jan 2015 – Apr 2016)

- Delivered undergraduate and postgraduate courses on OOP, Compilers, OS, Mobile and Distributed Computing.
- Conducted lab sessions in C, C++, Java, and network programming.

Lecturer – Computer Science

Model Polytechnic College | November 2014 – January 2015

- Taught Network Programming and Microprocessors (8086) for diploma students.

EDUCATION

MEARN Stack Certification

Luminar Technolab, Kochi | 2022

M.E. – Computer Science & Engineering

Hindustan Institute of Technology, Coimbatore | 2012 – 2014

B.Tech – Computer Science & Engineering

College of Engineering, Vadakara | 2008 – 2012

Higher Secondary – Science

Govt. Vocational HSS, Payyoli | 2008

SOFT SKILLS

Teamwork | Mentoring | Communication | Quick Learner | Problem Solving | Time Management
